

Because...

learning to master music is never done alone!

MISSION

Our vision and intent is to conserve our musical legacy, to serve our community, and create a vibrant future for our students through an intense and dedicated personal education.

HISTORY

As an extension of RNR Productions, Inc., *St. Lucie Music Lessons* was established in 2007 in Port St. Lucie, Florida. Professor Robert Navarro, its founder and owner, had a vision to provide the community with affordable, yet exceptional, education and performance opportunities to students from diverse cultural, ethnic, racial and economic backgrounds. The school is committed to enriching music education and the community at large.

Technique

Quality Music Education, At Affordable Prices, For Students Of All Ages.

COMPLETE MUSICAL TRAINING

The music instruction at *St. Lucie Music Lessons* affords students pre-professional comprehensive training in performing arts while providing an unparalleled opportunity of live recital performances. This unique combination of academic work and performance training provides our students with a well-rounded and grounded foundation for their future education and professional pursuits. Tailored classes and focused areas of advance techniques provide a high quantity of faculty/student interaction and encourage individualized learning.

Our focus is in developing basic music fundamentals, enhance ensemble performance techniques and develop the participants' knowledge and appreciation of music.

INDIVIDUAL CUSTOMIZED LESSONS

Knowledge and appreciation of music are key elements in the development of any musical career. We believe that the creative process of music making enriches both the lives of our students and the cultural environment of our community.

Our approach to education encompasses all historical eras, as well as studies in modern music including a variety of jazz and pop standard, top-40 selections, ethnic music, show tunes, and the classical repertory.

Additionally, we offer our advance students the opportunity to learn and record in **SoundTestament**, our state-of-the-art digital recording studio.

EXPERIENCE THE DIFFERENCE

Playing music has been known to build motivation and self-esteem. Research also tell us that children who play music do better in school and even life.

Our teaching philosophy revolves around helping our students feel inspired and motivated. We do this by working on attainable goals and concentrating on developing the areas where students struggle. But we do this by looking for simple solutions and relating the problems to other areas of the student's life and interest.

*To play without passion
is inexcusable!*
— Beethoven
